Audit schedule details: This semi-announced follow up audit is planned for one auditor in one day (15 April 2026 (Time in: 08:00; Time out: 16:50). PA1, PA2, PA5, PA6, PA7 and PA12 were included in scope of this follow up audit.

Business partner information: VIDO VIET NAM FURNITURE JOINT STOCK COMPANY is located at Land plot number 76, map sheet number 08, Phuong La village, Tien La Commune, Hung Yen Province, Vietnam.

The facility has operated at the current address since May 2025 with business license No. 1001297080 as manufacturer of Chair.

The main production processes are listed as follows: Cutting, sewing, gluing, assembly, inspection, packing and storage.

Audited location information: The facility rents a part of ground floor and the 3rd floor (about 800 square meters) of a 4-story building owned by VU PHONG TEXTILE GARMENT COMPANY LIMITED.

Details are as follows:

Building #1 (4-story): A part of ground floor and 2nd floors are used by VU PHONG TEXTILE GARMENT COMPANY LIMITED, which produces towels. A part of ground floor and the 3rd floor (office, production, and warehouse) is used by the audited factory. The 4th floor is not in use.

Upon review, these companies have separate business licenses, different products and distinct wage and benefit structures. Workers do not transfer between the companies. Therefore, the other company was out of the scope of this audit. The facility did not provide canteen, kitchen, transportation and dormitory to workers.

Operating shifts and hours: In general, employees are working for 6 days per week in 1 shift. The normal working time is 8 hours per day from 7:30 to 17:00 with break time if from 11:30 to 13:00.

Time recording system: Working hours were recorded by finger printing system. Salary payment details:

The circle payment is from the first day to the end day of month. Employees' wages are calculated on monthly salary.

Wages are paid by cash on 10th of following month. Worker number information: There are 16 employees (10 male employees and 6 female employees) which include 11 production employees and 5 non-production employees working in the facility. There was 3 foreigners (Chinese) working at the facility as technician experts. There was no contractor employee. Apprenticeship schemes and home employees were not used by the facility. There was no young employee working in the facility.

Good practices: The facility provided benefits to workers such as: VND 600,000 per month for attendance allowance, VND 20,000 per day for meal allowance, VND 300,000 per month for transportation allowance and VND 900,000 per month for bonus.

Worker organization details: The worker representative of VIDO VIET NAM FURNITURE JOINT STOCK COMPANY was elected in the facility.

Circumstances: There was no different circumstance faced during the monitoring.

Summary of findings: Findings were noted in performance areas (PA1, PA2, PA7 and PA12). Please refer to findings in performance areas for more detail.

#LivingWage: Auditor collected data from Global Living Wage Coalition website (<https://www.globallivingwage.org/living-wage-benchmarks/living-wage-report-for-minimum-wage-region-4-vietnam/>).

Note: Those documents/photos below were not uploaded in the system due to the fact that they were not applicable or not available (Agency labor contract, contractor license, government waivers, dormitory, canteen, inconsistencies between

time and production records). Fire permit and structural license were not available for review.

FINDINGS

PA1: Social Management System

Site: VIDO VIET NAM FURNITURE JOINT STOCK COMPANY | Site amfori ID: 704-002412-001

Question: 1.1 Is there satisfactory evidence that the auditee has set up an effective management system to implement the amfori BSCI Code of Conduct?

ENGLISH

LOCAL LANGUAGE

Finding

Follow up audit on 15 April, 2026: The previous finding was not corrected.
Amfori BSCI Code of Conduct requirement on Supply Chain Management and Cascade Effect: Implement a process- and risk-based due diligence management system in their business practices in line with the UNGPs, and adjusted to the business model of the company. The expectations set in this Code of Conduct should be embedded in the system. Have the strategy, processes, and sufficient resources in place to meet the responsibilities related to the amfori BSCI Code of Conduct and ensure that there is continuous improvement in its implementation.
FINDING: Based on the document review, site observation, worker interview, worker representative and management interview, this question was rated as partially because the facility set up a management system to implement the BSCI Code of Conduct. However, it was not effective because there were findings noted in other performance areas (PA1, PA2, PA7 and PA12). Please refer to findings in performance areas for more detail.

Finding

their rights and responsibilities, with special attention to vulnerable persons. When relevant, intermediaries such as brokers, recruiters, and recruitment agencies should play an active role in achieving these steps.

Finding: Based on document review, employee interviews and management confirmation, this question was rated as partially because the facility has provided training to all employees on BSCI values and principles. However, the facility has not established a training plan or documentation for specific e-learning session on Gender Equality and Zero-Tolerance for Violence and Harassment in the Workplace for their workers .

Finding

purchase compulsory fire insurance.

FINDING: Based on the document review, site observation, and management interview, this question was rated as partially because the facility has documents approved by local authorities as required by law, such as firefighting and prevention project. However, the facility did not have the approval for fire safety design, pre-acceptance test document for the firefighting and protection system for buildings, lightning protection inspection, and compulsory fire and explosive insurance.

Remark: The fighting protection and fighting was in good condition during the testing onsite. The facility has plan to conduct the lightning protection inspection and buy compulsory fire and explosive insurance in May 2026.

Question: 7.4 Is there satisfactory evidence of active cooperation between management and workers (and/or their representatives) when developing and implementing systems towards ensuring OHS?

ENGLISH
